

Mysterious Deaths in Nigeria's Kano State! - 28 April 2020

There were mysterious deaths in Nigeria's Kano state, one of the commercial centers in the north. According to officials deaths were unrelated to Corona epidemic. While the reason behind the deaths remained unclear so far, there is an investigation made by Nigerian health authorities. Nigerian President Muhammed Buhari has recently expressed his deep concern over the deaths and explained that lockdown on Kano would be expanded if it is seen necessary.
