

Displacement and humanitarian needs are increasing at Sahel Region! - 28 February 2020

Increasingly growing armed violence at Burkina Faso , Mali and Niger border triggered the humanitarian crises. In addition to 110.000 refugees , displaced people in the country doubled 4 times and reached 1.1 million. 3.600 schools and 241 health centers that targeted by armed forces became unusable . Due to security and climate problems ,it is expected to 3.7 million people will face with food security crisis in 2020.
