

Israel army carried out 300 attacks on Gaza Strip in 2020- January 01, 2021

The army revealed in a statement documenting its activities in 2020, that nearly 300 targets were raided in the Gaza Strip, while its armed forces thwarted 38 attempts to infiltrate through the security fence of the besieged enclave. According to the statement, as many as: "176 rockets and mortars were launched from the Gaza Strip, 90 percent of them landed in empty areas, as the Iron Dome system intercepted 80 shells and rockets that were targeting civilian areas." In the occupied West Bank, the Israeli army stole 675,000 shekels of Palestinians' money, compared with 972,000 shekels in 2019. More than one million shekels were stolen in 2018, and 541 weapons confiscated, compared with 603 during the previous year.
